Welcome to the survey of #UnterkunftUkraine!

What the survey is about: We want to better understand the experience of the people registered with #UnterkunftUkraine and improve our work based on your feedback. For this purpose we invite you to take the survey.

The survey will take about 15 minutes and is voluntary. For completing the survey, we will donate €5 on your behalf to an organization that helps Ukrainians. You can choose the respective charity yourself.

For this survey we work with researchers from ETH Zurich and the German Centre for Integration and Migration Research (DeZIM).

This is how we protect your data: To find out, how you used the services of #UnterkunftUkraine, we ask you to consent that we can connect your answers with the data that we already store at #UnterkunftUkraine. Before the researchers see your data, we will delete personal information like your name or email address. The researchers will only know your answers but not your identity. Your data will not be accessed by third parties.

Maybe you change your mind after the survey and want that we delete your answers. This is always possible. You can also always stop the survey and you can skip some of the questions. If you have any questions, please write to us under this email: hilfe@unterkunft-ukraine.de

After the project ends, your data will be deleted.

Ukrainians and friends of Ukraine from Berlin and all over the world work together for Ukraine-Hilfe Berlin. Since the beginning of the Russian war of aggression in 2014, Ukraine-Hilfe Berlin has been supporting the people in Ukraine with humanitarian and medical aid. To this end, Ukraine-Hilfe Berlin collected and targeted almost 5 million euros in 2022 alone. The recipients are hospitals, rehabilitation clinics, elderly people's homes and orphanages. The organization also helps war victims and their relatives.

Ukraine-Hilfe Berlin supports the people in Ukraine with concrete projects, e.g. implants for the injured, the delivery of emergency rations directly to the people or firefighting aid for Ukraine.

PLAST Ukrainischer Pfadfinderbund in Deutschland e.V. has been active as a non-party and non-confessional youth organization in Germany since its foundation in 1951. In addition to introducing young people to the aims of the international scout movement, the transmission of Ukrainian tradition and culture is a large part of the work of the organization.

PLAST helps with the accommodation and assistance of refugees from Ukraine as well as with the organization of aid deliveries. The organization supports children and their families affected by the war and other disasters with medical, material and moral aid, organizes aid transports to Ukraine and offers activities for Ukrainian mothers who have fled to Germany and their children.

Caritas international is the worldwide crisis and disaster relief organization of the German Caritas Association (the Catholic social charity). Caritas international has been helping to ensure people's survival after natural disasters and in crisis areas since 1954. In Ukraine, Caritas is helping to winterize homes that have been damaged by rocket fire. For evacuees and refugees, Caritas provides weatherproof emergency shelters and supplies them with basic needs. Caritas helps destitute people and war-displaced persons financially, for example by paying rent or heating costs. Mobile teams serve hot meals in the battleground areas. They also supply petrol and firewood where available, as well as sleeping bags, warm blankets, clothing and winter boots. Caritas also provides generators and solar panels. Caritas tries to reach people with winter and health aid in the hard-fought areas of eastern Ukraine, in the Donetsk and Luhansk oblasts.

Diakonie is the social service of the Protestant churches. Diakonie includes about 33,000 stationary and ambulant services such as hospitals, nursing homes for the elderly, social stations, residential groups or workplaces for people with disabilities, facilities for child and

youth welfare, services for people with addictions and the homeless, or counseling centers. In Ukraine, Diakonie provides emergency aid in the regions around Kyiv, Lviv and Dnipro. It provides the elderly, people with disabilities and refugees with food, water, shelter, medicines and hygiene supplies, among other things, and offers psychosocial support. In Germany, newly arrived people from Ukraine receive material aid, help with accommodation and integration into the labour market, as well as psychosocial support from Diakonie.

International Rescue Committee (IRC) supports people affected by war, natural disasters and crises to ensure their survival and help them rebuild their existence. The organization was founded in 1933 on the initiative of Albert Einstein.

In Ukraine, the IRC's support includes evacuation assistance for women and children; distribution of food, blankets, warm clothing and mobile hotplates for cooking; cash assistance; information and counseling on housing, job opportunities and the rights of refugees; and psychological counseling services via an established hotline.
